

Amendments to the Drawings:

In response to the Notice of Non-Complaint Amendment dated September 24, 2003, enclosed is a corrected set of drawings incorporating the desired changes requested by the Examiner. Reference numbers have been added for "aperture 115" in Figure 5A and "aperture 180" in Figure 6. The specification has been amended to describe part "100" in Figure 1. Cross-section lines have been changed on Figures 2, 4, 6 and 8 to reflect the use of plastic materials in some embodiments. Note that Figures 9-11 are unchanged as the cross-section lines are correct. It is understood and noted in the specification that metal or other materials may also be suitable for a number of these parts. Various changes, substitutions and alterations may be made to the embodiments, shown here, without departing from the spirit and the scope of the invention as defined by the claims.
